Presentations / Conferences / Congresses ///

2010

- ***The personality of computers.*** 4th International Seminar on Mathematical Music Theory. 2010, Huatulco, Mexico.

2011

- ***Methods of musical composition with Supercollider.*** Latin American Festival of Free Software Installation. University of Callao. Lima, Peru.

2013

- ***Tactosis! The skin as a space of representation.*** 1st Meeting of Sound Art and Audiovisual Exploration. Former Academy of San Carlos, Postgraduate of Plastic Arts of the National School of Plastic Arts. National Autonomous University of Mexico (ENAP-UNAM). Mexico City.
- ***Pallas and the Muses, convergences and divergences between Science and Art in the work of Jaime Lobato.*** Seminar on Physics and Computing. Department of experimental physics. Faculty of Sciences. National Autonomous University of Mexico (FC-UNAM). Mexico City.

- ***The Code as a Method of Human Enunciation. Music and Code.*** Center for Experimentation and Production of Contemporary Music (CEPROMUSIC-INBA). Mexico City.
- ***Code and Sound Creation. Music and Code.*** Center for Experimentation and Production of Contemporary Music (CEPROMUSIC-INBA). Mexico City.
- ***Migrations, the visualization of data in relation to other senses. Open Data conference series.*** Multimedia Center, National Center for the Arts (CENART). Mexico City.

2014

- ***Bidirectional Grammar, code and poetics in the work of Jaime Lobato.*** Volusian Institute of advanced arts. Sao Paulo, Brazil.
- ***Hybrid Poetics. Hybrid Project, perception extension, encounters between art, science and technology.*** National Autonomous University of Mexico + University of São Paulo. Museum Laboratorio Arte Alameda. Mexico City.
- ***Cognitive Technologies, the development of echolocation as applicable technology.*** Campus Party CPMX5. Guadalajara, Mexico.
- ***Pallas and the Muses, dialogues between science and art.*** Former academic committee of the First International Congress: Palas y las Musas. Center for Mathematical Research (CIMAT). Guanajuato, Mexico.
- ***Aural Architectures and the Limits of the Listener Body.*** Symposium: Does something resonate? Research and practices around the sound event. University Museum del Chopo. National Autonomous University of Mexico (UNAM). Mexico City.
- ***Semantic, 1st International Conference on Generative Art.*** General director. Museum Laboratorio Arte Alameda (LAA-UNAM), Faculty of Music (FaM-UNAM), Applied Mathematics and Systems Research Institute (IIMAS-UNAM). Mexico City.
- ***Topos Echóchromas Hórou (The place of the timbre of space). On the relationships between geometry, sound and auditory cognition.*** International Congress of Music and Mathematics 2014. Puerto Vallarta, Mexico.
- ***Models and Algorithms for Music Generated by Physiological Processes.*** International Congress of Music and Mathematics 2014. Puerto Vallarta, Mexico.
- ***Topos Echóchromas Hórou (place of the ring of space), formalization of a spatial system for analysis and creation.*** 2nd International Congress, Sound and Audiovisual Spaces. Sensory Experimentation and Active Listening. Autonomous University of Madrid. Madrid, Spain.
- ***Topos Echóchromas Hórou (place of the ring of space), formalization of a spatial system for analysis and creation.*** 2nd International Congress, Sound and Audiovisual Spaces. Sensory Experimentation and Active Listening. Autonomous University of Madrid. Madrid, Spain.

2015

- ***Interdisciplinary / non-interdisciplinary. Transdisciplinary Academic Days "Devices in Transit".*** National Center for the Arts. Mexico City.

- **Generative Art, modeling the possibility.** Cinemapoesía Festival. Fundación Telefónica Space. Lima, Peru.
- **Topos Echóchromas Hórou (place of the timbre of space), on the sound perception of space, the case of human echolocation.** Ecoico, International Congress of Art, Sound and Space. Institute of Aesthetic Research (IIE-UNAM), Applied Mathematics and Systems Research Institute (IIMAS-UNAM). National Autonomous University of Mexico (UNAM). Mexico City.
- **Topos Echóchromas Hórou (The place of the timbre of space), towards a solfege of space.** 1st International Meeting "Environmental Noise and Sound Landscape in the City". Autonomous Metropolitan University, Azcapotzalco Unit (UAM-A). Mexico City.
- **Cognitive Augmentations.** International Meeting of Performing Arts-Science-Technology "Efusión". Center for the Arts, San Luis Potosí, Mexico.

2016

- **Topos Echóchromas Hórou (The place of the timbre of space), on the sound perception of space. The case of human echolocation.** 3rd International Meeting of Sound Art and Audiovisual Exploration. Postgraduate in Arts and Design (FAD-UNAM). Mexico City.
- **Ubicuous. Sound Art in Red.** Tour Prism [radiador]. Cordoba Argentina.
- **Digital tools of creation in contemporary art.** University of La Plata. Buenos Aires, Argentina.
- **Sound Art in Network and Other Experiences.** University School of Music. Montevideo, Uruguay.
- **Space and Sound.** University School of Music. Montevideo, Uruguay.
- **Nature of information: mathematical models and biometric sensors in the context of contemporary art.** Academic Forum of Sonology of the International Festival of the 2016 image. University of Caldas. Manizales, Colombia
- **Generative Art, background and perspectives.** International and Interinstitutional Research Group on Convergences between Art, Science and Technology. Saõ Paulo State University. Sao Paulo, Brazil.
- **Camouflage as an Adaptive Control System: Applications for Multimedia and Interactive Composition.** International Symposium on Mixed and Augmented Reality, Institute of Electrical and Electronics Engineers. Merida, Mexico.

2017

- **Topos Echóchromas Hórou (The place of the timbre of space), Acoustics and Psychoacoustics of the sound space.** Science and Music Seminar. Faculty of Music. National Autonomous University of Mexico (FaM-UNAM). Mexico City.
- **About Live Coding. Edges cycle.** Multimedia Center National Center for the Arts (CENART). Mexico City.
- **The Rebellion of the forms. From the automatons of Da Vinci to the genetic computers.** 2nd encounter music, sound art, history and technology, University of Guadalajara. Guadalajara, Mexico.

- ***The rebellion of Forms: Automata in Art.*** “In the Voice of Music” radio Program of the Radio of the National Autonomous University of Mexico (UNAM). Mexico City.
- ***On the periphery of the sound sculpture.*** 2nd Interdisciplinary Meeting of Sound Sculpture and Experimental Music. Faculty of Music + Faculty of Art and Design. National Autonomous University of Mexico (FaM, FAD-UNAM). Mexico City.

2018

- ***Art as a sculptor.*** International Art and Neurosciences Symposium. Museum Laboratorio Arte Alameda, academic activity of the exhibition Transmutation. Space Alchemies. Mexico City.
- ***Increase the Reality.*** International Meeting Museums 3.0. National Art's Museum. Mexico City.
- ***Feel the data. The visualization of data and its relationship with the other senses.*** Federal Digital Strategy. Mexico City.
- ***Brain Art.*** Transdisciplinary workshop on Science, Art and Cognition. International Science Center. Cuernavaca, Mexico
- ***Informational Art. Teaching the abstract in art and science.*** World Education Day 2018. Jinan, China.
- ***Topos Echóchromas Hórou (The place of the timbre of space), the Solfeggio of Space, Technologies, Symbols and Affectivities in the Ecolocation-Binaurality.*** Colloquium Listening Modes: Transdisciplinary Approaches to the Study of Sound. School of Music. National Autonomous University of Mexico (UNAM). Mexico City.
- ***Conjuring Nature with the Mind.*** Interdisciplinary Conference in art and science Taboo-Transgression-Transcendence. Institute of Philosophical Research. National Autonomous University of Mexico (UNAM). Mexico City.

2019

- ***Bio-computing in the context of contemporary art.*** VIU International Festival of Live Coding Hangar. Barcelona. Spain.
- ***Master class: Ecolocation-binaurality and communication strategies through sound sculpture and aural architecture.*** Master in Sound Art, University of Barcelona. Barcelona. Spain.
- ***Poetic anomalies from the Body and the Sound.*** International Book Fair of the UNAM Mining Palace. Mexico City.
- ***MicrompleX, Computation of Biological Substrate in the Context of Art.*** Center of Complexity Sciences. National Autonomous University of Mexico (C3-UNAM). Mexico City.
- ***Genetic oscillators.*** Synthetic Biology Workshop, National Autonomous University of Mexico (UNAM). Mexico City.

2020

- ***Computations of biological substrates in the context of contemporary art.*** Compensation Zones 7.0. Saõ Paulo State University. Brazil.

2021

- **Interdisciplinary thinking in education.** III Steam Forum. Digital Citizenship Laboratory + Cultural Center of Spain. Mexico City.
- **Scientific sonification of data.** International Mathematics Day. Institute of Mathematics (UNAM).
- **Obfuscation, the poetics of the code. Live Coding and contemporary art.** International Colloquium Art, Aesthetics and Technology of the Doctorate of Arts. Autonomous University of Queretaro. Mexico.
- **Are you hearing me useless? In defense of the epistemology of art in the generation of knowledge.** Art and design day. Faculty of Arts and Design (UNAM).
- **Art as a transdisciplinary artifact. Crosses between art and science in the exhibition Transmutation. Alchemies of space.** Third World Congress on Transdisciplinarity. Centre International de Recherches et Études Transdisciplinaires (CIRET-France) + Escuela Nacional de Antropología e Historia - Instituto de Antropología e Historia (ENAH-INAH-Mexico) + Centro de Educação Transdisciplinar (CENTRANS-Brazil) + Cátedra Transdisciplinar UNESCO: Desarrollo Humano y Cultura de Paz de la Universidad de Florencia (CTU-Italy).
- **Solfeges of space. The human echolocation and its cultural dimension.** Uncommon Senses III. Concordia University. Montreal, Canada.
- **Bio Complexities. Bacterial computers and their application to art.** Fronda Festival. Pachuca, Mexico.

2022

- **Augment Reality. Sensible exercises to measure the world.** Permanent seminar of the "Javier Covarrubias" Sensory Experimentation Laboratory UAM-X.
- **The ecological paradigm shift.** Colloquium Art and Complexity. ACT program. Center for Complexity Sciences. (C3-UNAM) Mexico City.
- **Theater for the Ears.** Tuesday of conferences in artistic professionalization. National Theater School (ENAT-INBAL).
- **Pulcher Aureus Filum. Biological Substrate Computers and the Ecological Paradigm Shift.** International Symposium on Electronic Art (ISEA). Barcelona, Spain.
- **Neurocomputing.** Neurosciences and live coding. Tested with TopLap Barcelona. Hangar. Barcelona, Spain.
- **Edges. International Meeting of Art and Science Researchers.** Direction. Research Institute in Applied Mathematics and Systems (IIMAS-UNAM) in collaboration with the University of the State of São Paulo (UNESP).
- **Aperiodic Tilings and their Sound.** MATRIX X Imaginary 2022. Institute Henri Poincaré. Paris, France.
- **An Advance on a Mathematical Sonification Program.** Minisymposium "Mathematics and Arts" Annual meeting of the German Mathematical Society and the Austrian Mathematical Society. Berlin, Germany.

2023

- **Computing and bioluminescence in the context of architecture and robotics.** Fritz and Trude Fortmann Foundation for Building Culture and Materials. Berlin, Germany.
- **SOMA. An implementation of an artificial and biological neural network as a control chip for robotics in the context of contemporary art.** 2nd International Congress on Neuroscience "Frontiers of Neurosciences". Faculty of Psychology UNAM.
- **Interartes: Complex Planet.** Scientific Chair for the congress. Center for Complexity Sciences (C3-UNAM).

2024

- **NATURFICIAL. Implementation of an artificial neural network model composed of a culture of living biological neurons and the collapse of the natural-artificial dichotomy.** International conference Politics of the Machines. RWTH Aachen University. Germany.
- **The Living Arts and Artificial Intelligence. Territories of Creation.** Art and Science Festival "El Aleph". Auditorium of the University Museum of Contemporary Art MUAC-UNAM.
- **Cognitive Technologies. A Transdisciplinary Look at Human Ecolocation and its Impact on Architecture.** Keynote lecture. X Colloquium of research advances of the Master's and Doctorate in Architecture, Urbanism and Design. Faculty of Architecture of the Autonomous University of Baja California.
- **Harnessing AI for Sustainable Development.** Webinar part of a series of approaches to Artificial Intelligences from the global south Kairos-Education.
- **NATURFICIAL. New perspectives of Artificial Intelligence in Biological Substrate Computations.** Second Cycle XXXVIII International Seminar of the Peruvian Institute of Artificial Intelligence. Lima, Peru.
- **The Right to Forget. Humanly Inspired Artificial Intelligences in Contemporary Art.** Keynote Lecture. Celebration of the 110th Anniversary of the Foundation of the Estonian Academy of Arts. Tallinn, Estonia.
- **The Sixth Finger of Artificial Intelligences. Relational Memory Spaces in Machines and Humans.** Aural Transference. II Latin American Meeting of Music and Technology. Postgraduate in Music, Faculty of Music (FaM-UNAM).
- **The End of Space-Time. Quantum Art in the Age of Artificial Intelligence.** First Cycle of International Seminars on Art and Artificial Intelligence. Peruvian Institute of Artificial Intelligence. Lima, Peru.

2025

- **Community Light Art.** Theater "8 de octubre". Institute of Culture and Arts. Cancun, Quintana Roo, Mexico.
- **(RE)(DE)connections to the ambiance.** Cultural Center from Spain. Mexico City.
- **Research Seminar on Artificial Intelligence, Art and Communication.** General coordination. Autonomous Metropolitan University, Xochimilco campus.
- **Lab on Artificial Intelligence, Art and Communication.** Foundation and direction. Autonomous Metropolitan University, Xochimilco campus.

- **Prisma, Transmedia Sound Art Creation.** General coordination. Autonomous Metropolitan University, Xochimilco campus.
- **The Machine is Learning.** Center for Complexity Sciences. (C3-UNAM)
- **Semantico 2.0. International Congress on Artificial Intelligence and Art “Non-Human Intelligences - Other Intelligences”.** Conference chair and producer. National Autonomous University of Mexico.
- **NATURFICIAL – Biological substrate neural networks for performance art.** SPARKS: Short Presentations of Artworks & Research for the Kindred Spirit. The Digital Arts Community, ACM SIGGRAPH.

Workshops ///

2009

- **Possibilities of supercollider to make networked music ensembles.** [radiador]. Laboratory of Musical Informatics and Electroacoustic Music. Faculty of Music (FaM-UNAM). Mexico City.

2012

- **Algorithmic composition.** Independent Space SEMIMUTICAS. Mexico City.
- **Introduction to Generative Art, programming with Processing.** Independent space SEMIMUTICAS. Mexico City.
- **Introducción a la composición multimedia (Pure Data).** Independent space SEMIMUTICAS. Mexico City.

2013

- **Introduction to Interactive Art.** I Meeting of Sound Art and Audiovisual Exploration. Former Academy of San Carlos, Postgraduate of Plastic Arts of the Faculty of Arts and Design (FAD-UNAM). Mexico City.
- **Introduction to Arduino.** SAE Institute México. Mexico City.
- **Circuit Bending.** SAE Institute México. Mexico City.
- **Ecolocation, the sound world as sculpture.** Faculty of Architecture. National Autonomous University of Mexico (UNAM). Mexico City.
- **Generative Music.** Visiones Sonoras, Ninth International Festival of Music and New Technologies. Mexican Center for Music and Sound Arts (CMMAS). Morelia, Mexico.

2014

- **Introduction to Interactive Art.** Independent space SEMIMUTICAS. Mexico City.
- **Sonora Electronics.** Independent space SEMIMUTICAS. Mexico City.
- **! = Semantic != Live Coding, the poetics of the code.** Fundación Telefónica Space. Lima, Peru.

2015

- **Design of Interfaces.** Independent space SEMIMUTICAS. Mexico City.
- **Generative Digital Graphics.** Independent space SEMIMUTICAS. Mexico City.

- **Sound and Space.** Independent space SEMIMUTICAS. Mexico City.
- **Sound Poetry and Code (supercollider).** [radiador]. Cinemapoésia Festival. Fundación Telefónica Space. Lima, Peru.
- **Topos Hechóchromas Hórou (The place of the timbre of space). On the auditory cognition of space.** Visiones Sonoras, International Festival of Music and New Technologies. Mexican Center for Music and Sound Arts (CMMAS). Morelia, Mexico.
- **Live Coding** [radiador]. MediaMix Festival. Center of the Arts. Monterrey, Mexico.
- **Dark matter.** International Meeting of Performing Arts-Science-Technology "Efusión". Center for the Arts, San Luis Potosí, Mexico.

2016

- **Sound and space.** European Institute of Design, Madrid, Spain.
- **Introduction to Supercollider.** Medialab Prado, Madrid, Spain.
- **Sound Automata, introduction to generative composition** (Exploring-Parameters Algorithm). Hangar, Barcelona, Spain.
- **Introduction to digital video synthesis in real time.** Independent space SEMIMUTICAS. Mexico City
- **Sound and Space.** Independent space SEMIMUTICAS. Mexico City.

2017

- **Design of multimedia interfaces from biosignals.** SAE Institute Mexico. Mexico City.
- **Portraits of the Mind, electroencephalography, biosignals and art.** Independent space SEMIMUTICAS. Mexico City.
- **Introduction to Electronic Art.** The Front Gallery. San Diego, EE.UU.
- **Developing a non-conventional computer language. Belousov-Zhabotynsky reactions.** International Conference on Live Coding 2017. Mexican Center for Music and Sound Arts (CMMAS). Morelia, Mexico.
- **Theoretical-Practical Diploma in Art, Science and Philosophy. Media and Mediations.** Faculty of Philosophy and Letters + University Museum of Contemporary Art. (UNAM). Mexico City.

2018

- **Orchestras of the Agreement, Code and Creativity for Children.** Cultural Center of Spain, Mexico City.
- **Computational Analysis of the Descriptive Image. Drones and Microscopes.** Art and Culture Gym. Mexico City.
- **Communicate Light. Introduction to Bioluminescence.** Independence Biolab. Mexico City.
- **Bacteria Nation. Workshop of speculative realism and biohacking.** Independence Biolab. Mexico City.
- **Orchestras of the Agreement, Code and Creativity for Children.** Milpa Alta Lighthouse, Mexico City.
- **Biosensors in the context of art and design.** Faculty of Communication Sciences. Autonomous University of Coahuila. Saltillo, Mexico.

2019

- **Alchemical Gardens, Introduction to Unconventional Computation.** VIU International Festival of Live Coding Hangar. Barcelona. Spain.
- **Orchestras of the Agreement, Code and Creativity for Children.** Tecnológico del Valle Primary School. Mexico City.
- **Listen as bats.** Center for Choreographic Research (CICO). Mexico City.
- **Biohacking Summer.** Diplomate on bioart and biohacking 40 h. Independencia Biolab. Mexico City.
- **Optical Theremin,** introduction to electronic art for kids. University book fair. National Autonomous University of Mexico (UNAM). Mexico City.
- **Communicate Light. Introduction to bioluminescence.** Media Arts Lab. Guadalajara, Mexico.
- **Biohacking.** Diplomate in neuroarts “Paths to transdiscipline” Art, Science and Technology Program. National Autonomous University of Mexico (UNAM). Independencia Biolab. Mexico City.
- **Infinite Inspiration. Living art works. Introduction to bioart.** Independencia Biolab. Mexico City.
- **The sound of Nature.** Independencia Biolab. Mexico City.

2020

- **Dark Matter.** Interdisciplinary Meeting on Sciences, Sound and Music. Center for Complexity Sciences. National Autonomous University of Mexico (C3-UNAM).
- **Introduction to bioluminescence.** Rural school 10 Las Negras village. Puerto Escondido, Oaxaca.
- **Listening to Nature. Construction of a DIY hydrophone.** El aguaje zapote port, Manialtepec lake. Puerto Escondido, Oaxaca.
- **Introduction to Bioart for kidz.** Katapulta art academy. Mexico City.
- **Space and Sound.** Estonian Academy for the Arts. Tallinn, Estonia.
- **Modular Chaos on the Web. Introduction to Live Coding for visual projects.** Piksel 2020. Bergen, Norway.

2021

- **Peer-to-Peer (P2P). Laboratory of critical networks for social protest.** Heterotopic University of Mobile Autonomous Nodes (HUNAM). Virtual space.
- **Introduction to Live Coding for visual projects.** Estonian Academy of Arts.
- **DNA as a medium for the creation of contemporary art.** International Colloquium Art, Aesthetics and Technology of the Doctorate of Arts. Autonomous University of Queretaro. Mexico.
- **Germinal 1.0. Hybrid art pedagogical program.** Independencia Biolab.
- **Introduction to Machine Learning for musicians and sound artists.** Multimedia Center. National Center for the Arts. Mexico City.
- **Natural Patterns. Bio-inspired mathematics for music creation.** The Darwin 2021. University Somaiya Vidyavihar + Independencia Biolab. Mumbai, India.

2022

- **Machine Learning for Sound Creation.** SEMIMUTICAS Independent Space.
- **Neuroarts Experimental Laboratory.** Independencia Biolab in collaboration with the Institute of Neuroarts.
- **Towards an odorization of Data.** Independencia Biolab in collaboration with the "Javier Covarrubias" Sensory Experimentation Laboratory (UAM-X). Mexico City.
- **Listening to Information. Introduction to sonification and data-driven music composition.** Independent space SEMIMUTICAS.

2023

- **Sound and Space. Introduction to Sound Art.** Estonian Academy of Arts.
- **Creative web programming.** SEMIMUTICAS Independent Space.
- **Digital Generative Graphics.** SEMIMUTICAS Independent Space.

2024

- **Introduction to Bioart.** Independencia Biolab Cancun.
- **Artificial Intelligence for Experimental Graphics.** Postgraduate in Arts and Design PAD-UNAM. Research Project PAPIIT-403524. DGTIC-UNAM.
- **Prompt Technologies. From Text to Generative Image Creation.** Postgraduate in Arts and Design PAD-UNAM. Research Project PAPIIT-403524. DGTIC-UNAM.
- **Biopotenciales 2.0** Independencia Biolab.
- **Recording of Soundscapes with mobile phones.** Sound Space. Metropolitan Autonomous University Xochimilco.

2025

- **Communicate Light. Bioluminescence for Art, Design and Architecture.** Quintana Roo Contemporary Art Museum + Independencia Biolab Cancun. Cancun, Quintana Roo, Mexico.
- **Neuronal Chips. Robotic control chips made from living biological neurons for artistic creation.** Center for Complexity Sciences. (C3-UNAM)
- **Communicate Light. Bioluminescence for Art, Design and Architecture.** Independencia Biolab. Mexico City.
- **SOMA 2.0 musical creation with living neuron cultures.** Neurosciences Research Institute. University of Guadalajara. Guadalajara, Jalisco, Mexico.
- **Quantum particle accelerator q4d.** Laboratory of Computer Music and Electroacoustic Music. Faculty of Music. National Autonomous University of Mexico.
- **DigiLab "Natural Intelligences. Hybrid Art Project Development Laboratory".** Mutek 2025. Center for Digital Culture. Mexico City.

Grants ///

2009

- **Strengthening program for young composers in the area of electroacoustic music, Flight Practices** with project A1689ZD1, for viola and spatializer. Mexican Center for Music and Sound Arts (CMMAS).

2011

- **Strengthening program for young composers in the area of electroacoustic music, Flight Practices** with the *Echolocation interactive sound landscape project*. Mexican Center for Music and Sound Arts (CMMAS).

2012

- **Support Program for Teaching, Research and Dissemination of the Arts** with the *Additive Synthesis project. Interinstitutional project of creation and mobilization of cultural contents*. Seminar on Mathematical and Computer Music Research (SEMIMUTICAS). National Center for the Arts (CENART).

2013

- **Support Program for Research Projects and Technological Innovation** (PAPIIT-UNAM) with the *Palas y las Musas* editorial project. Dialogues between Science and Art. Institute of Aesthetic Research (IIE-UNAM) Applied Mathematics and Systems Research Institute (IIMAS-UNAM).
- **Mobility Grant** with the project *Research Residency Dark Matter, scientific and artistic bases of human echolocation*. Higher Polytechnic School of the University of Alcalá de Henares.

2014

- **Fellowship to promote research** with the *HYBRID project, meetings between Human Perception and Technology*. University of São Paulo.
- **Interdisciplinary Laboratory of Experimentation and Innovation in Videogames and Interactive Art** with the *Ontological Architectures* project. Interactive installation of augmented reality and electroencephalography, *Mutative Environment of Sensorial Immersion*. Multimedia Center of the National Center for the Arts (CENART).

2015

- **Strengthening program for young composers in the area of electroacoustic music, Flight Practices** with the *JazzCodes project for jazz quartet and live coder*. Mexican Center for Music and Sound Arts (CMMAS).
- **Young Creators 2014-2015** with the *Burning Thoughts* project, interactive sculpture. National Fund for Culture and the Arts (FONCA).

2016

- **Support Program for Production and Research in Art and Media** with the project *The Rebellion of Forms, non-conventional computations of biological substrate*. Multimedia Center of the National Center for the Arts (CENART).

2018

- **Young Creators 2017-2018** with the *Alchemical Gardens* project. National Fund for Culture and the Arts (FONCA).

- **Floor 16 Laboratory of Cultural Initiative.** With the Independencia Biolab project, a biohacking space for the community. National Autonomous University of Mexico (UNAM).

2020

- **Support Program for Teaching, Research and Dissemination of the Arts.** For the project Germinal, pedagogic program for Hybrid Art., National Center for the Arts (CENART).
- **Support Program for Research Projects and Technological Innovation.** For the project Artifacts and automata, mathematical models, art and philosophy. General Directorate of Academic Staff Affairs. National Autonomous University of Mexico (UNAM).

2023

- **Support Program for Research and Technological Innovation Projects.** For the project Innovation of artistic creation networks. Integrating technological resources of artificial intelligence and resources of less toxic and sustainable graphics. General Directorate of Academic Staff Affairs (DGAPA-UNAM).

2025

- **Research budget Calls for Academic Development:** For the project. Semantico 2.0. International Congress on Artificial Intelligence and Art “Non-Human Intelligences - Other Intelligences”. Rector's Office of the Autonomous Metropolitan University. (UAM-X)

Technical Skills ////

- **Advanced knowledge in analog and digital electronics, as well as in physical computing.**
 - Prototyping and printing electronic circuits - advanced.
 - Arduino (microcontrollers digital electronics) - expert.
 - Raspberry - expert.
 - Development of substrate-biological computers -expert.

- **Programming Languages**
 - Supercollider - expert.
 - Processing - expert.
 - PureData - expert.
 - Python - expert.
 - MAX/MSP/JITTER - advanced.
 - OpenFrameworks - basic.
 - Mathlab - basic.

- **3D modeling and digital manufacturing.**
 - Rhino - advanced.
 - Blender - advanced.
 - 3D printing - advanced.
 - Router CNC - medium.

- **Design, video image and digital audio.**
 - Adobe Suite (Photoshop, Illustrator, Premier, Audition, After Effects) - expert.

- **Basic knowledge in micro/molecular biology (bioart laboratory processes).**
 - Extraction of DNA - basic.
 - DNA amplification - basic.
 - Electrophoresis - basic.
 - Yeast and bacteria culture - expert.
 - Belousov-Zhabotinsky reaction - expert.
 - Biosignals. - expert.

- **Languages.**
 - Spanish - Native.
 - English - Expert.
 - Portuguese - Advanced.
 - French - Medium.
 - Italian - Basic.
 - Estonian - Basic.
